

Use of other equipment

Below is a selection of comments from recipients of PGT Awards over the last couple of years:

Rosie Bowden (Tractor Training and Related Operations) – “This opportunity has given me more than just a certificate it has given me a far greater confidence in handling tractors and machinery in general”

“This qualification undoubtedly puts me in a stronger position for full-time employment in the future....”

Andrew Widd (IOSH Managing Safety and four LANTRA refresher courses) - “I thought I was clued up on Health and Safety but doing this course made me realise how much I didn't now. Whatever path my career takes in the future, this course will be invaluable and was money well spent”

“Having done all the courses, has given me the confidence to approach LANTRA to become one of their trainer/assessors and hopefully in the future, help other to use machinery confidently and safely”.

Vance Green, Hedge-cutter NPTC Certificate – “The day left me with a great sense of achievement and ownership of the machine. This was the most fulfilling training I had carried out with NPTC and was hugely enjoyable”.
